**Author:** *No Name*

**Category:** Romance, Fantasy, Isekai

**Description:** An ordinary boy. A strange new world. And a meeting that will change everything.

Ken was your average high school student — until he suddenly woke up in a fantasy world of swords and magic...

Alongside a traffic light. Yes. A literal lamppost now stands alone in the forest. His bike? Summoned into a temple by confused priests. Off to a great start.

Trying to make sense of it all, Ken meets Lily — a warrior with emerald-green eyes and a past as painful as it is mysterious. As they journey together, a strange bond forms. One that transcends time, space... and even memories.

A heartwarming isekai tale with humor, emotion, and quiet moments that shine the brightest.
