I love you Cristina..Please date me..she looked at me in silence for a while..

I was about to ran,I was afraid and scared of her answer..Why did I do that?

My body was burning only to see her,my stomach was like if there was a lot of butterfly inside it..My heart pumping hard.

Yes,She said to me.I wasn't beliving in it..does she said yes?I couldn't belive so I asked her more one time. excuse me..What did you say?

I said yes..Cristina answered me..My breath was uneven..I didn't knoiw what to do..

So suddenly she rolled her eyes and came next to me..

When she did it I looked at her scared I thought she was only joking with me but..

She kissed me..Finally on my eighteen years old I kissed a girl..I tried to follow her kiss..

But I was very nearvous..She pressed her body to mine..I sighed..I was staring to get a boner I was trying to control it hard..

My heart was beating even more hard and she could notice it because her hands was over my chest..

So suddenly she stopped I was a little bewildered after her kiss..

She looked at me and holded my hands and said..Let's go..But now?There are many people there they will see us..Who cares she said..

So she dragged me..Everyone was looking at us..

I was ashamed I was the center of the attention at that moment because I was walking with the most beautiful and hottest girl of the school..

Some boys looked at me unbelieved..I looked at her she was walking and acting normaly...I can't belive that she is my girlfriend..

Cristina..

He is so cute..Cristina thought while looked at him..His name was Pietro..

now her shy and cute boyfriend..Cristina was 19 years old..

I can see his blushed face looking to the crowd that is staring us walking together..

I will do something I will hug him..

So I did it..He looked at me scared he is so innocent..I knew that he felt something for me..

I always noticed that he was staring me and looking my body secretly..I could feel her eyes throughout my body..

Body inside it made me start to like him as well but I was waiting him confess to me..

So suddenly he called me and said that he loves me..I liked his behavior,he is shy but he is fearless,more or less,but he is..

Cristina thought so she gave a disguised smile and Pietro noticed it..

Pietro..

She is looking at me,She is looking at me..

She was staring me I don't know why..it was like if she was lost in her thinking..

I don't know but I think I saw she smiling why she did it..

Now we had left the school and I saw her car waiting for her..good bye I said to her trying to release me from her arm..

no..You are coming with me I will leave you in your house..

Oh my god..What do I do now?What is she discover that I'm poor will she still date me?

It was like if she had read my mind..Don't worry I know that you're poor and I don't care about it..

I want to go with you to know my future mother-in law..

I blushed..Let's go she dragged me inside the car and we leave..After a few seconds we were getting next to my house..

It is that one I said to her apointing towards my house..So her driver stopped in front

of my house..It wasn't a big house like her house..

So it is here that you live?She asked me..

Yes.I answered her,I don't care about being poor or rich so much I only wanted to give a better life to my parents not be a milionare or bilionare..

Let's go?She asked me..Yes, sorry I said to her I was a little bewildered..

So I knocked the door of my mother's house..

There was some curious neighbors looking at us,and that was making me feel shy and ashamed..

My mother Elisabeth opened the door and looked at her..Oh my God..

Who is this beautiful girl? And Is she rich? his mother wondered.. I got ashamed to tell my mom..

So Cristina looked at Pietro waiting his answer to his mother..

What the heck is he doing?She wondered..So she rolled her eyes..He is very shy..She thought...

I think I will need to do it..I'm his girlfriend, I'm glad to meet you..

It's my pleasure..What your name?my mother asked her..

My name is Cristina..My name is Elisabeth..Come in please,I need to say something to my driver first I will be back now..Or he will be there waiting for me I will say to him come later..

OK..Elisabeth said to her..So Cristina went toward her driver to tell him..

Hello I said to her a little shy..She was so damn beautiful and hot..I don't believe I was so lucky to date a girl like her..

Why are you here Cristina I asked her? can't you see..I came to take you to the school..

Will I go with you?In your car?I asked her..

Yes..Why?Are you embarrassed to go with me?She asked me..I won't lie for you Cristina..

Try to imagine I will arrive at the school with a beautiful girl and her expensive car..What would the other students think about it?

Don't worry! you don't need to be embarrassed..Let's go,..She dragged me into her car while she said good bye to my mother I also said good bye to her from the window of the car and I saw my mother laughing at the situation..

Oh my god..my son found a crazy girlfriend I liked her she seems to be a good girl..Crazy but good....I know that they will find some difficulties for the way but I

hope they can handle it..she thought while she saw the car getting away..

When we arrived at school there was a lot of people in front of the school,It was a school of rich people so no one would care about the car that I was getting out from..but everyone would notice who I was getting out the car with.. That's what happened..

Everyone was looking at us.We were the center of the attention..

I could hear everyone talking about us,and Cristina seemed don't care about it,She helded my arms while we walked into the school I could feel the killer eyes of the other boys over me...

I shivered...Everyone is looking at us,can you see it?Yes, she said..Let them look at us..I like it..It's good that any whore will flirt you..

What?Which crazy girl would flirt me?I wondered me while I smiled for her funny commentary..

When we got to class,She seated beside me..and still there were many eyes over us..

my face was red..you get so cute when you are shy you know she said while she bowed down her head to look at my face..

let's start the class people..The teacher said..Now we will do a test with a group of three people..I will pass through your table and give you the test to do..
